NOT STEALING COAL.

General Manager Greene Denies the Reason to Believe That Alice Bar-Stories Told.

Baltimore, July 28.—General Manage Greene of the Baltimore & Ohio rail-road, said this morning that there was road, said this morning that there was no coal being confiscated by the company, and that all commercial coal was being promptly forwarded to destination. He also absolutely denied the story that armed guards had been placed on passenger trains through Pennsylvania and West Virginia. The strike situation in the Fairmont, W. Va., district of the Baltimore & Ohio was as follows:

The Monongah mine increased The Monongah mine increased the number of men, and at the Gaston, Montana, New England and Shaft mines the men went to work earlier than usual. Some of the men at the Pritchard mine returned to work and a few at the Hutchins mine came out. Palatin and Aurora miners are still out, and it is thought that the Aurora miners will return to work today or in the marning.

MINERS HELD A MEETING. Newspaper Men Excluded and Guards Put Out.

Cincinnati, July 26 .- A special to the Commercial-Tribune from Clarksburg, W. Va., says: The miners held a meeting at the depot here and organized a union of the United Mine Workers of America. Over 200 men attended and signed the agreement. Guards were put out and newspaper men were not allowed to at-

The meeting was secret, but from what could be learned it was inferred that the men would be governed by the action of the meeting of the representatives at Wheeling tomorrow. All the men are organized and ready to go out, and if at Wheeling, on Tuesday, the word is given, they will go.

A FEW FACTS.

Eight Thousand and Their Families Will Soon Need Assistance.

Indianapolis, July 26.—Commissioners Connor and Techune, appointed by Governor Mount to visit the Indiana Governor Mount to visit the Indiana coal fields and report on the condition of the miners, submitted their conclusions today. They find that about 8,000 miners and families will need assistance if the present conditions continue. Operators are quoted to the effect that they are responsible for low wages and the condition of miners, for they have forced down prices under competition which has driven them to it. The report calls attention to the fact that no lawlessness exists, and that there are no signs of an unruly splift.

The governor has decided to issue an appeal suggesting some kind of a reaappeal suggesting some kind of a rea-sonable relief for the striking miners and their families.

APPEAL FOR AID.

Mesers. Connor and Terhune, the governor's special strike commissioners, made their report today, and Governor Mount at once called a conference of state officials and leading citizens. The result was an appeal issued late tonight to the people of Indiana calling for aid for the striking coal miners.

A committee has been appointed to receive subscriptions. The miners in many cases are destitute.

Boston, July 26.-It seems as if every hour brought forth new developments concerning the death of Alice Barrett of Waltham last Saturday afternoon. She concerning the death of Alice Barrett of Waltham last Saturday afternoon. She was found dead in the office of Codman & Codman, in which she had been employed as a bookkeeper. The building had been set on fire by lightning, and it was at first supposed that the boit had killed her, but afterward it was discovered that she had been shu through the heart. A revolver was found on the floor. Her family are almost positive that the girl was murdered. It was ascertained today that the cash book which Miss Barrett had fept for two years, and in which she had entered all the cash transactions, had been harned. The solice, who have been hard at work on the case since it assumed such a serious plusse, are almost satisfied that Miss Barrett burned the hooks before her death, With the disappearance of this book, the firm finds itself in a most peculiar position. William C. Codman admitted to the police that it was a surroise to him to learn that his confidential clerk and bookkeeper had destroyed the cash book. He also admitted that the destroyed the cash book will would be aimost impossible to discover them.

vantages.

City of Mexico, July 26.—It is predicted here that when the gold placer mining is developed in the state of Guerrero, more gold will be taken out than in the Klondyke region. Some placer mining is being done with excellent results, and labor is cheap and water abundant, even in the dry season. One miner, an old Californian, reports taking out E1.00 gold in May, and his average is \$15,000 per month. The Indians in Sonora, who work in a crude way in the local gold placers, only operating when in pressing need of money, get large returns for very fittle labor, and an explorer who has recently been through the remotest regions states that Sonora will equal California in its paimiest days as a gold producer.

crowd attended the fistic entertainment of the Nonnarell Athletic club at Hillsdale park here tonight. The main event was a ten round contest between George Stout of this city, and Johnny Van Heest of Wisconsin. The mon fought at 155 pounds, for \$400. Before the bour, both men agreed that the fight be declared a draw should both men be on their feet at the end of the tenth round. They went to the limit, but Stout had the better of the fight, Van Heest being groggy at the finish. Hon. George Q. GALVESTON RATE WAR.

The Lone Star Line Issues a New

Tariff. New York, July 24.—The Galveston

New York, July 26.—The Galveston rate was was enlivened today by the issuance of a new tariff by the Lone Star line which mer's the latest cuts of the Muliory line, effective today. The new tariff fixes a rate of 10 cents first-class to Galveston, 7 cents fourth-class and 5 cents for the lowest classes of freight.

The special committee from Texas rail lines which made an unsuccessful attempt to end the wur in this city last week is expected to make its report today to the southwestern association at St. Louis. It is generally understood that a reduction in rates from western to Texas points will follow. Some of the companies, it was said today, have been secretly cutting rates and it is said demoralization has already begun to the all rail lines. GRAIN MOVEMENT. Atchison Will Do a Heavy Business

Chicago, July 26.-The officials of the Atchison road are hopeful that the movement of the season's crop of grain in the west will give the road the largest earnings it has ever had. If the threatened rush of the grain shippers in the direction of Galveston can be averted by the milroads, it is thought that the Atchison will move at least 50,000,000 bushels of grain out of Kansas and Texas before the close of the year. Tals will be much more husiness than the road has ever done, but the officials of the line say that they have most excellent reasons to think that this will be the outcome. At present the shops at Topeka cannot turn out cars with sufficient rapidity to meet the demands made upon the rolling stock of the road by the grain shippers. Other western roads report similar conditions and all are hopeful of a largely increased business as soon as the grain begins to arrive.

A series of homeseckers' excursions has been announced by the Union Pacific road in territory west of the Missouri river. They will be run until the end of the year, two being set for each month. The rate will be one fare for the round trip plus \$2.
